I am part of the school board and I don't get paid for Christmas break. What do I apply for?

**For unpaid Christmas (winter) break, teachers and school staff generally apply for Employment Insurance (EI) regular benefits for non-teaching periods.**

As a teacher or school-board employee, you may be eligible if you meet the usual EI requirements and the specific conditions that apply to teachers.

Apply online for EI regular benefits as soon as you stop being paid, and review the EI and teachers information to see how the rules apply to your contract.
